

## Weather Proof Pressure Gauges

1. **Dial Size** : 63mm
2. **Accuracy** :  $\pm 1.6\%$  of Fsd
3. **Bourdon** : S.S 316
4. **Movement** : Brass chrome plated
5. **Socket** : Brass
6. **Case & Bezel** : S.S 304 Case , Crimping case
7. **Dial** : Aluminum with white background & black numerals
8. **Mounting** : Center Back
9. **Connection** :  $\frac{1}{4}$ " BSP / NPT (M)
10. **Over pressure Protection** : 130 % of span
11. **Window** : Toughened Glass
12. **Standard Fitment** :
13. **Temp. Limit** : 130° C
14. **Joints** : Argon Arc Welded
15. **Range** : 0-10 bar
